Please Add the following new claims

Art Unit: 3633

The primary reason for allowance of the claims is the prior art of record does not teach nor does any combination thereof fairly suggest a multi-point sliding door latch and handle assembly wherein the hooks move in opposite directions about their respective pivot axes from a latched position to an unlatched position and opening and an adjuster means operative to separately adjust the position of each hook relative to the housing. In the examiner's opinion, it would not have been obvious to a person of ordinary skill in the art given the prior art of record to have the structure stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
